

Mid-Atlantic Numerical Analysis Day

A one-day conference on Numerical Analysis and Scientific Computing for graduate students and post doctorates from the Mid-Atlantic region

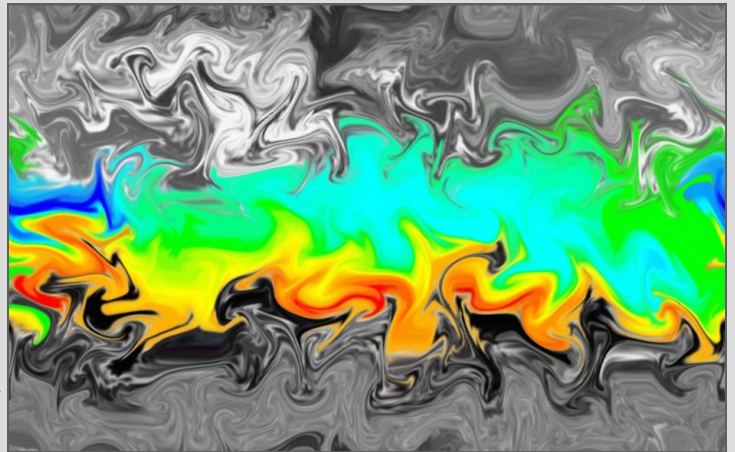

Friday 2 November 2012

Philadelphia, PA

Keynote Speaker

William Layton, University of Pittsburgh
Numerical Analysis of Turbulent Flow

This one-day meeting provides an opportunity for graduate students and postdocs to present their research, and to meet other young researchers. There will be contributed talks and poster presentations.

Register online (see website for details)

There is no registration fee, but every participant needs to register in advance

Submit an abstract

For a contributed talk or a poster by 30 September 2012

You may also just join as a listener

Make your own travel arrangements (see website for hotels)

More Information

Please visit the website: <http://www.math.temple.edu/research/applied/na-day> for information regarding accommodation, directions, schedule and abstracts.

Email contact for registration and questions: naday@temple.edu

Organizers: Benjamin Seibold and Daniel B. Szyld

Sponsored by the Department of Mathematics, College of Science and Technology, and the Graduate School, Temple University
