

ALGEBRA SEMINAR

***Yes! We definitely need something
anodyne...***

Vasily Dolgushev
Temple University

ABSTRACT: This is the continuation of the semester long series on simplicial homotopy theory. We will continue talking about Kan fibrations, Serre fibrations and anodyne extensions.

Many presentations in this series are based on the book “*Simplicial Homotopy Theory*” by P.G. Goerss and J.F. Jardine.

MONDAY, FEBRUARY 23, 2015
1:30 – 2:30 PM
ROOM 617, WACHMAN HALL
