

Math Club Presents... Undergraduate Open House

December 2, 2016
4:00-5:00 PM
Wachman 617

The Undergraduate Open House is a chance for students to learn about various opportunities for the upcoming Spring semester. These opportunities include upper level undergraduate course offerings, research opportunities, organizations and more. Students will also be able to meet professors that have courses for Spring 2017.

"Algebra will be important to you later in life because there's going to be a test six weeks from now!"

Free Jimmy John's!
